*All But My Life* - Gerda Weissmann Klein 1995-03-31

All But My Life is the unforgettable story of Gerda Weissmann Klein's six-year ordeal as a victim of Nazi cruelty. From her comfortable home in Bielitz (present-day Bielsko) in Poland to her miraculous survival and her liberation by American troops--including the man who was to become her husband--in Volary, Czechoslovakia, in 1945, Gerda takes the reader on a terrifying journey. Gerda's serene and idyllic childhood is shattered when Nazis march into Poland on September 3, 1939. Although the Weissmanns were permitted to live for a while in the basement of their home, they were eventually separated and sent to German labor camps. Over the next few years Gerda experienced the slow, inexorable stripping away of "all but her life." By the end of the war she had lost her parents, brother, home, possessions, and community; even the dear friends she made in the labor camps, with whom she had shared so many hardships, were dead. Despite her horrifying experiences, Klein conveys great strength of spirit and faith in humanity. In the darkness of the camps, Gerda and her young friends manage to create a community of friendship and love. Although stripped of the essence of life, they were able to survive the barbarity of their captors. Gerda's beautifully written story gives an invaluable message to everyone. It introduces them to last century's terrible history of devastation and prejudice, yet offers them hope that the effects of hatred can be overcome.

**The Sea-Wolf** - Jack London 2018-10-16

The Sea-Wolf is a psychological adventure novel by American novelist Jack London about a literary critic, survivor of an ocean collision, who comes under the dominance of Wolf Larsen, the powerful and amoral sea captain who rescues him. The Sea Wolf tells the story of a soft, domesticated protagonist, in this novel's case an intellectual man named Humphrey van Weyden, forced to become tough and self-reliant by exposure to cruelty and brutality. The story starts with him aboard a San Francisco ferry, called Martinez, which collides with another ship in the fog and sinks. He is set adrift in the Bay, eventually being picked up by Wolf Larsen. Larsen is the captain of a seal-hunting schooner, the Ghost. Brutal and cynical, yet also highly intelligent and intellectual (though highly biased in his opinions, as he was self-taught), he

rules over his ship and terrorizes the crew with the aid of his exceptionally great physical strength. Van Weyden adequately describes him as an individualist, hedonist, and materialist. Larsen does not believe in the immortality of the soul, he finds no meaning in his life save for survival and pleasure and has come to despise all human life and deny its value. Being interested in someone capable of intellectual disputes, he somewhat takes care of Van Weyden, whom he calls 'Hump', while forcing him to become a cabin boy, do menial work, and learn to fight to protect himself from a brutal crew. A key event in the story is an attempted mutiny against Wolf Larsen by several members of the crew. The organizers of the mutiny are Leach and Johnson. Johnson had previously been beaten severely by Larsen, and Leach had been punched earlier while being forced to become a boat-puller, motivating the two. The first attempt is by sending Larsen overboard; however, he manages to climb back onto the ship. Searching for his assailant, he ventures into the sleeping quarters, located beneath the main deck, the only exit being a ladder. Several, at least seven men, take part in the mutiny and attack Larsen. Larsen however, demonstrating his inhuman endurance, strength, and conviction, manages to fight his way through the crew, climb the ladder with several men hanging off him, and escape relatively unharmed. Van Weyden is promoted as mate, for the original mate had been murdered. Larsen later gets his vengeance by torturing his crew, and constantly claiming that he is going to murder Leach and Johnson at his earliest convenience, being the hunting season is done, as he can't afford to lose any crew. He later allows them to be lost to the sea when they attempt to flee on a hunting boat.

The only sound is a dull roar downstream, as the Cessna drifts helplessly toward the falls . . . **Into the Wild** - Jon Krakauer 2009-09-22

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When

McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

Also included are strategies, lesson plans, management tools, and comprehensive lists of recommended books. Copublished with Editorial Projects in Education, publisher of *Education Week* and *Teacher* magazine, *Reading in the Wild* is packed with ideas for helping students build capacity for a lifetime of "wild" reading. In other words, Donalyn Miller has solved one of the central problems in language education." —Stephen Krashen, professor emeritus, University of Southern California

**Infinite Jest** - David Foster Wallace 2009-04-13

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, *Infinite Jest* explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, *Infinite Jest* bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, *The Atlantic*

Filipino national hero Jose Rizal wrote *The Social Cancer* in Berlin in 1887. Upon his return to his country, he was summoned to the palace by the Governor General because of the subversive ideas his book had inspired in the nation. Rizal wrote of his consequent persecution by the church: "My book made a lot of noise; everywhere, I am asked about it. They wanted to anathematize me ['to excommunicate me'] because of it ... I am considered a German spy, an agent of Bismarck, they say I am a Protestant, a freemason, a sorcerer, a damned soul and evil. It is whispered that I want to draw plans, that I have a foreign passport and that I wander through the streets by night ..."

#### Oryx and Crake - Margaret Atwood 2010-07-27

A stunning and provocative new novel by the internationally celebrated author of *The Blind Assassin*, winner of the Booker Prize. Margaret Atwood's new novel is so utterly compelling, so prescient, so relevant, so terrifyingly-all-too-likely-to-be-true, that readers may find their view of the world forever changed after reading it. This is Margaret Atwood at the absolute peak of her powers. For readers of *Oryx and Crake*, nothing will ever look the same again. The narrator of Atwood's riveting novel calls himself Snowman. When the story opens, he is sleeping in a tree, wearing an old bedsheet, mourning the loss of his beloved Oryx and his best friend Crake, and slowly starving to death. He searches for supplies in a wasteland where insects proliferate and pigoons and wolvogs ravage the pleeblands, where ordinary people once lived, and the Compounds that sheltered the extraordinary. As he tries to piece together what has taken place, the narrative shifts to decades earlier. How did everything fall apart so quickly? Why is he left with nothing but his haunting memories? Alone except for the green-eyed Children of Crake, who

think of him as a kind of monster, he explores the answers to these questions in the double journey he takes - into his own past, and back to Crake's high-tech bubble-dome, where the Paradise Project unfolded and the world came to grief. With breathtaking command of her shocking material, and with her customary sharp wit and dark humour, Atwood projects us into an outlandish yet wholly believable realm populated by characters who will continue to inhabit our dreams long after the last chapter.

Raised by the old man he was entrusted to soon after his birth, Frank is haunted by the brief and troubling moments he has shared with his father, Eldon. When he finally travels by horseback to town, he finds Eldon on the edge of death, decimated from years of drinking. The two undertake a difficult journey into the mountainous backcountry, in search of a place for Eldon to die and be buried in the warrior way. As they travel, Eldon tells his son the story of his own life—from an impoverished childhood to combat in the Korean War and his shell-shocked return. Through the fog of pain, Eldon relates to his son these desolate moments, as well as his life’s fleeting but nonetheless crucial moments of happiness and hope, the sacrifices made in the name of love. And in telling his story, Eldon offers his son a world the boy has never seen, a history he has never known. “Deeply felt and profoundly moving...written in the kind of sure, clear prose that brings to mind the work of the great North American masters; Steinbeck among them.”—Jane Urquhart, award-winning author of *The Night Stages* “A novel about the role of stories in our lives, those we tell ourselves about ourselves and those we agree to live by.”—Globe and Mail

## Wuthering Heights - Emily Bronte

Wuthering Heights is the name of Mr. Heathcliff's dwelling. "Wuthering" being a significant provincial adjective, descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt thorns all stretching their limbs one way, as if craving alms of the sun. Happily, the architect had foresight to build it strong: the narrow windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and especially about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the date "1500," and the name "Hareton Earnshaw." I would have made a few comments, and requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete departure, and I had no desire to aggravate his impatience previous to inspecting the penetralium. One stop brought us into the family sitting-room, without any introductory lobby or passage: they call it here "the house" pre-eminently. It includes kitchen and parlour, generally; but I believe at Wuthering Heights the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting, boiling, or baking, about the huge fireplace; nor any glitter of copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter dishes, interspersed with silver jugs and tankards, towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were

sundry villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed along its ledge. The floor was of smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses.

*The Night Watchman* - Louise Erdrich 2020-03-03

WINNER OF THE 2021 PULITZER PRIZE FOR FICTION NEW YORK TIMES BESTSELLER  
WASHINGTON POST, AMAZON, NPR, CBS SUNDAY MORNING, KIRKUS, CHICAGO PUBLIC LIBRARY, AND GOOD HOUSEKEEPING BEST BOOK OF 2020 Based on the extraordinary life of National Book Award-winning author Louise Erdrich's grandfather who worked as a night watchman and carried the fight against Native dispossession from rural North Dakota all the way to Washington, D.C., this powerful novel explores themes of love and death with lightness and gravity and unfolds with the elegant prose, sly humor, and depth of feeling of a master craftsman. Thomas Wazhashk is the night watchman at the jewel bearing plant, the first factory located near the Turtle Mountain Reservation in rural North Dakota. He is also a Chippewa Council member who is trying to understand the consequences of a new "emancipation" bill on its way to the floor of the United States Congress. It is 1953 and he and the other council members know the bill isn't about freedom; Congress is fed up with Indians. The bill is a "termination" that threatens the rights of Native Americans to their land and their very identity. How can the government abandon treaties made in good faith with Native Americans "for as long as the grasses shall grow, and the rivers run"? Since graduating high school, Patrice Paranteau has insisted that everyone call her Patrice. Unlike most of the girls on the reservation, Patrice, the class valedictorian, has no desire to wear herself down with a husband and kids. She makes jewel bearings at the plant, a job that barely pays her enough to support her mother and brother. Patrice's shameful alcoholic father returns home sporadically to terrorize his wife and children and bully her for money. But Patrice needs every penny to follow her beloved older sister, Vera, who moved to the big city of Minneapolis. Vera may have disappeared; she hasn't been in touch in months, and is rumored to have had a baby. Determined to find Vera and her child, Patrice makes a fateful trip to Minnesota that introduces her to unexpected forms of exploitation and violence, and endangers her life. Thomas and Patrice live in this impoverished reservation community along with young Chippewa boxer Wood Mountain and his mother Juggie Blue, her

niece and Patrice's best friend Valentine, and Stack Barnes, the white high school math teacher and boxing coach who is hopelessly in love with Patrice. In *The Night Watchman*, Louise Erdrich creates a fictional world populated with memorable characters who are forced to grapple with the worst and best impulses of human nature. Illuminating the loves and lives, the desires and ambitions of these characters with compassion, wit, and intelligence, *The Night Watchman* is a majestic work of fiction from this revered cultural treasure.

"When ninety-nine pigeons smash through the windows of Kester's prison and carry him North to the last of the animals.... it's a moment as thrilling as when James flies off in the *Giant Peach*. Highly recommended" –The Times (UK) "Combines a great fondness for animals with an appreciation of the freakish.... The reserved narrative tone and tender yet peculiar view of animals give this piece its own offbeat flavor." –Kirkus Reviews "Alternately somber, thrilling, and silly." –Publishers Weekly

**Things Fall Apart** - Chinua Achebe 2009-06-05

THINGS FALL APART tells two overlapping, intertwining stories, both of which center around Okonkwo, a “strong man” of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. THINGS FALL APART is the most illuminating and permanent monument we have to the modern African experience as seen from within.
