Hunter's Horn - Harriette Simpson Arnow 1997-12-31

Michigan State University Press is proud to announce the re-release of Harriette Simpson Arnow's 1949 novel *Hunter's Horn*, a work that Joyce Carol Oates called "our most unpretentious American masterpiece." In *Hunter's Horn*, Arnow has written the quintessential account of Kentucky hill people—the quintessential novel of Southern Appalachian farmers, foxhunters, foxhounds, women, and children. New York Times reviewer Hirschel Brickell declared that Arnow "writes...as effortlessly as a bird sings, and the warmth, beauty, the sadness and the ache of life itself are not even once absent from her pages." Arnow writes about Kentucky in the way that William Faulkner writes about Mississippi, that Flannery O'Connor writes about Georgia, or that Willa Cather writes about Nebraska—with studied realism, with landscapes and characters that take on mythic proportions, with humor, and with memorable and remarkable attention to details of the human heart that motivate literature.

Lincoln Assassination Series Box Set - Sidney St. James

The Lincoln Assassination Series Books 1 - 5 Written as Creative Historical Nonfiction BOX SET
President Abraham Lincoln said, "It is better to remain silent and be thought a fool than to speak out and remove all doubt!" President Jefferson Davis said, "I worked night and day for twelve years to prevent the War, but I could not. The North was mad and blind, would not let us govern ourselves, and so the War came." BOOK 1 - THE LOST CAUSE - The Lincoln Assassination The assassination of Abraham Lincoln on April 14, 1865, and his death at 7:22 am on April 15 is covered in this first novel. His funeral train back home is narrated along with the ending punishment phase of the conspirators. Much of the life of Jefferson Davis is brought to life, including how the United States didn't fly a flag at half-mast honoring him. He was the only former Secretary of War not given this respect in the history of the United States. BOOK 2: PURSUIT AND CAPTURE OF JOHN WILKES BOOTH General Robert E. Lee said, "There's a terrible war coming. These young men who have never seen War can't wait for it to happen. But, I tell you, I wish that I owned every slave in the South, for I would free them all to avoid this War!" This novel will follow John Wilkes Booth and the federal forces' extensive manhunt to capture him. Still, there are questions. In the memoirs of one of the soldiers who captured the assassin, said the man they killed had a "red" mustache. Booth's, of course, was black. BOOK 3: LEWIS THORNTON POWELL - The Conspiracy to Kill Abraham Lincoln Winston Churchill once said, "History is written by the victors." From all indication, enough preliminary witnesses placed Lewis Thornton Powell in the same room with Secretary of State Seward. William E. Doster took over representation for the defense of Powell. Doster was a graduate of Yale and Harvard and the former provost marshal for the District of

Columbia. BOOK 4: KNIGHTS OF THE GOLDEN CIRCLE - A Most Secretive Organization This book is more of a reference manual for writing the other four novels in the series. You can't understand the Lincoln Assassination without an understanding of the Knights of the Golden Circle, the most powerful and secret society in all America at the time of the Civil War. The organization grew out of Southern Rights Clubs in the South who were mostly interested in opening up more territory to slavery. The actual words written in this reference novel were written by a member of the Order who never revealed his name. BOOK 5: MARY ELIZABETH SURRATT - First Woman Executed by the Federal Government The entire court case for Mary Elizabeth Surratt is depicted in this novel, the fifth novel in the Lincoln Assassination Series. The reader can follow the trial and determine for themselves from the evidence and the testimony of the witnesses if she should be found guilty or innocent. A military tribunal, rather than a civilian court, was chosen as the prosecutorial venue. Why? President Andrew Johnson did not declare an end to the War Between the States until August 1866. Was Mary Elizabeth Surratt in the wrong place at the wrong time? Was the United States Government out for revenge... out for blood! President Andrew Johnson said, "Mary Elizabeth Surratt kept the nest that hatched the egg!" This quote suggests that Johnson was bolstering his belief that she was guilty and deserved the harshest sentence allowed. An exciting conclusion in this five-novel series on the Lincoln Assassination...

The Old Pro Turkey Hunter - Gene Nunnery 2018-10-15

During his life, Gene Nunnery was recognized as a master turkey hunter and an artisan who crafted unique, almost irresistible turkey calls. In *The Old Pro Turkey Hunter*, the vaunted sportsman shares over fifty years of personal experience in Mississippi and surrounding states, along with the decades-old wisdom of the huntsmen who taught him. Throughout the book, his stories make clear that turkey hunting is more than just killing the bird--it is about matching wits with a wild and savvy adversary. As Nunnery explains, "To me that's what it's all about: finding a wise old gobbler who will test your skill as a turkey hunter." Through his stories, Nunnery reveals that the true reward for successful turkey hunting lies in winning the contest, not necessarily exterminating the foe. Real sportsmen know that every now and then the turkey should and will elude the hunter. As Nunnery looks back on his extensive career, he analyzes vast differences in practice, old and new. The shift, he decides, came during his last twenty years on the hunt, and that difference has only increased in the decades since this book was originally published. Michael O. Giles, Bass Pro staff team member, master turkey hunter, and award-winning outdoors writer and author of *Passion of the Wild*, writes a new foreword that brings the practice of turkey hunting into the present day. Filled with a tested mixture of common sense and specific examples of how master turkey hunters honor their harvest and heritage, *The Old Pro Turkey Hunter* is the perfect companion for the novice or the adept.

The Nebraska Sand Hills - Charles Barron McIntosh 1996-01-01

Charles Barron McIntosh has devoted a lifetime of scholarship to the history of human activity on Nebraska's Sand Hills, the spare, beautiful land that occupies much of western Nebraska. From carefully deciphering Native American occupancy through rigorous analysis of thousands of arrowheads, to patiently combing through decades of courthouse land title transaction records, McIntosh has mastered the sweep of centuries of human interaction with the land. We learn how the land shapes humankind, far more than pride would have us believe, and we see that perhaps our real success lies in learning how to live with the land, rather than attempting to master it. The Nebraska Sand Hills reflects McIntosh's lifetime of learning, reading, questioning, analyzing—in short, everything it means to be a scholar; seldom are these efforts so well demonstrated. His affection for this unique landscape is present on every page.

Create Your Life by Design - Ted Ciuba 2011-04-01

Create Your Life By Design, by Ted Ciuba, also author of The New Think And Grow Rich, is about being successful in life. And being successful has many parts to it, including the health, wealth and career, family and relationships, mental, and spiritual dimensions. Create Your Life By Design is a book about awakening to your inner powers, to the fact that, one way or the other, you are creating your life, and, finally, to taking charge and directing your energies into the specific outcomes you most desire. It starts with getting definite in your one burning desire... that one obsession you must fulfill to be you, so to speak. That then becomes the tuning fork by which you measure every single other tone. For instance, if a person's "definite chief aim" in life is to affect people positively by being a metaphysical author and speaker, you're probably not going to find this person taking a job as a technical writer for Sony Corporation writing user manuals. It might be writing, but it's not in the metaphysical field, so it can't be right. On the other hand, you might find this person involved in a film, in a radio show and writing three books and they're a little bit slammed and they're a little bit behind schedule on a few different things at the same time. ...But they're NOT off focus. Your one definite chief aim is the tuning fork by which you celebrate and measure every other activity, effort, or plan in your life, that thing that instantly advises you when you're on target or when you're not... A440, perfect pitch. To whet your appetite, here's a sampler of chapter titles: >Any Day You Wish >That's How HoloMagic Works

>VAKOGEM - Formula For Visualizations >Meditation: Become A Causative Force >Passion: Dog Your Quest >Transform Adversity Into An Enjoyable Challenge >Create Your Life By Design Create Your Life By Design, like all books in the Sub 4 Minute Extra Mile Series is a collection of short, focused, intense, intended training sessions that develop the natural health, wealth, and fulfillment connectivity within and between you and the Universe. Every intelligent student of human potential and personal achievement agrees that, to get ahead, you must go the extra mile. But the amazing thing is, it takes so little to excel! After all, it's called the extra mile, not the extra 100 miles! And our research has discovered that extra mile, when driven by a clear, strong intent, can be accomplished in remarkably dense, short, moments of time. Roger Bannister, our icon for this series, stands as testimony to that fact. Roger Bannister defied and redefined history by running the sub 4 minute mile. Exact time: 03:59.4/10's. 6 May 1954, Roger Bannister redefined human possibility by clocking in a mere 6/10's of a second sub 4 minutes. And the amazing thing is that Bannister did NOT spend countless hours training... He gave it what he could in his busy pre-med schedule... A mere 30 minutes a day!! And with that he broke a barrier that had stood 3,000 years! More than that - he opened up a new arena of possibility for the human being. Within 2 1/2 years of Bannister's unachievable, record-breaking sub 4 minute mile, 18 others were doing it. And now you, honoring Roger Bannister's history-setting accomplishments and methods, can make the same kind of history-breaking progress in sub 4 minutes a day! That's a chapter a day. Every message you receive, whether it's about seizing the day, marketing, motivation, persuasion, decision-making, human relationships, actualization or HoloMagic is based around the proven philosophy of The NEW Think And Grow Rich as it applies in the lives and pursuits of any person with strong desires... The leverage of simply sub 4 minutes every day is incredible! You, too, can defy the status quo in short, regular, focused, intense, intended training sessions of sub 4 minutes length and redefine what's possible and what you accomplish! Go!
