Rebozos de Palabras - Gabriella Gutiérrez y Muhs 2013-03-14

Helena María Viramontes is a professor, scholar-activist, and renowned author of works of fiction and nonfiction. Her work has been anthologized and is read widely in the United States and abroad. For many of her readings and speaking engagements she arrives wearing a rebozo, a shawl worn by Mexican and Chicana women living on both sides of the US–Mexico border. Once, when asked about her rebozo, Viramontes explained that the pre-Columbian icon is her “security blanket,” which she embraces in order to find comfort. For her readers, her writing functions like a “rebozo de palabras,” a shawl woven with words that nurture. As Gabriella Gutiérrez y Muhs points out in her insightful introduction, not only has Viramontes’s work not yet received the broad critical engagement it richly deserves, but there remains a monumental gap in the interpretations of Chicana literature that reach mainstream audiences. *Rebozos de Palabras* addresses this void by focusing on how the Chicana image has evolved through Viramontes’s body of work. With a foreword by Sonia Saldivar-Hull, this collection addresses Viramontes entire oeuvre through newly produced articles by major literary critics and emerging scholars who engage Viramontes’s writing from multiple perspectives.

Be Encouraged! - Joan Meade 2012-06

God has a plan and a purpose for all our lives, but so often we are not aware of what our purpose is. We have been given different gifts to serve the Body of Christ yet don't know or understand what they are. The reason for this book is to help believers to not only know who they are in Christ, but for them to begin functioning in the many gifts they have been given to serve and help build up the Body of Christ. In this book are many stories of people like you and me who, when finding out what their gifts were, not only encouraged others and blessed them, but they experienced a new joy in serving the Lord. You may think you can't be used by God now for different reasons, but God says you can! In His strength you can do everything He calls you to do. When I think back on the many years of serving the Lord, thirty-nine, I am filled with joy and thanksgiving for His love, grace, and faithfulness to me and my husband. We have been blessed to be married sixty-one years and have five married children and eleven wonderful grandchildren. We have served the Lord faithfully wherever He has placed us. I have given numerous bible studies over the years to all age groups and ministered the love of the Lord and the Word of God in nursing homes; senior's centers; a homeless shelter; and gave Bible studies for senior's at a local college, in church and in our home. My greatest challenge was to write my first book a few years ago and then this book. I am truly a blessed woman.

Good Pictures - Kim Beil 2020-06-23

A picture-rich field guide to American photography, from daguerreotype to digital. We are all photographers now, with camera phones in hand and social media accounts at the ready. And we know which pictures we like. But what makes a "good picture"? And how could anyone think those old styles were actually good? Soft-focus yearbook photos from the '80s are now hopelessly—and happily—outdated, as are the low-angle portraits fashionable in the 1940s or the blank stares of the 1840s. From portraits to products, landscapes to food pics, Good Pictures proves that the history of photography is a history of changing styles. In a series of short, engaging essays, Kim Beil uncovers the origins of fifty photographic trends and investigates their original appeal, their decline, and sometimes their reuse by later generations of photographers. Drawing on a wealth of visual material, from vintage how-to manuals to magazine articles for working photographers, this full-color book illustrates the evolution of trends with hundreds of pictures made by amateurs, artists, and commercial photographers alike. Whether for selfies or sepia tones, the rules for good pictures are always shifting, reflecting new ways of thinking about ourselves and our place in the visual world.
