Flying Magazine - 1975-04

Commerce Business Daily - 2001-08

My Scientology Story - Diana Dudas 2020-12-08

One of the most commonly asked questions about Scientology is this: how can a person of sound mind believe any of it and fall into this very amateurish-looking trap? Why does it seem so valuable that people sacrifice all their energy, time and money for this system, which seems suspicious even at first glance? And how can such a seemingly primitive scam still exist after almost 70 years? The initial question is answered by the shocking story of Diana Dudas. The book was first published on March 21, 2019 in Hungary and judging from the responses received so far, it rapidly became a readers' favourite and a source of inspiration to many. In addition to a heart-wrenching story, which is presented in gripping detail, the book also contains a detailed and precise description of the everyday life of a Scientologist. As one reviewer put it: "her radiant, brave and iron-willed personality and her unique storytelling style infuse the entire novel and make it a real page-turner". The reader will have a better understanding of the whys and wherefores by following her along her path in Scientology. This book is recommended to anyone who would like to better understand the inner workings of this so-called church. Especially those people who want to take a stand against this sophisticated, well-established system that is dripping with malice. There is no great arsenal of effective weapons to fight it, but one of them is knowledge, through gaining a thorough understanding of the monster one faces.
