## **Best Desert Hikes Washington** - Dan Nelson 2004-09-21

\* Prime hiking for fall, winter, and spring \* Organized by quick access from Spokane, the TriCities, Yakima-Ellensburg, and Wenatchee-Chelan \* 100 hikes, from short half-day trips (1-5 miles) to overnights If you're used to tight, tree-lined trails through (often-dripping) evergreens, it's time for a guidebook to an entirely different world: the high desert of central and eastern Washington. It's desert, yes -- but not the Lawrence of Arabia kind. This landscape of sagebrush and rimrock canyons is starkly beautiful and rich in plant and animal life. It offers mild temperatures in fall, prime wildlife viewing in winter, and an explosion of wildflowers in spring. Best Desert Hikes: Washington is a great way to extend your hiking through three-seasons -- a Hikes at a Glance chart in the front of the book lists best time to go for each trail. Some of these hikes follow designated trails; others guide you along the contours of the land for a more individual experience. There are tips on hiking in desert conditions, too.

### The Road - Cormac McCarthy 2007-03-20

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's new novel, *The Passenger*.

*Foundation* - Eric Goodman 2011-05-10

A sense of fatigue dogs the fitness world. Many of the new programs that are tagged as groundbreaking are actually recycled ideas. Foundation offers something completely different for novices and athletes alike: a simple program with powerful and proven results that will remedy bad posture, alleviate back pain, and help readers break through fitness challenges and plateaus. Dr. Eric Goodman, a brilliant and dynamic young chiropractor, teams up with Peter Park, one of the top trainers in the United States, to radically redefine the core--shifting the focus from the front of the body to the back. Their groundbreaking approach works to strengthen the lower back and the full posterior chain and correct poor movement patterns by addressing mechanical imbalances and weaknesses. Foundation training involves simple movement patterns and is equipment free, creating maximum power, flexibility, and endurance. Word-of-mouth enthusiasm has inspired both Hollywood luminaries and world-class athletes to make Foundation training the core of their fitness programs. Eric and Peter's client list has grown exponentially to include Lance Armstrong, NBA star Derek Fisher, world-champion surfer Kelly Slater, and actor Matthew McConaughey.
