Mallard Fillmore-- - Bruce Tinsley 1995

Mallard Fillmore lampoons everything from political correctness to Phil, Oprah, and Geraldo to our government's insatiable appetite for spending our money. His marvelous supporting cast includes wickedly wonderful caricatures of everyone who's anyone, from Hollywood to D.C. to Arkansas.

Canon EOS 7D - Andy Stansfield 2010

This title covers the latest camera in Canon's digital SLR line up, the EOS 7D. This camera incorporates a new 18 megapixel APS-C CMOS sensor and dual DIGIC 4 processors to power its high speed performance of 8 frames per second, at ISO settings which can be expanded to 12,800 ISO. The camera's new Focus Colour Luminance metering system takes into account focus, colour and luminance across 63 different zones to deliver images that are even more accurate and consistent. This fully illustrated Expanded Guide will help photographers to release the huge potential of the Canon EOS 7D with its comprehensive yet accessible approach.

An Introduction to Aquatic Toxicology - Mikko Nikinmaa 2014-07-01

An Introduction to Aquatic Toxicology is an introductory reference for all aspects of toxicology pertaining to aquatic environments. As water sources diminish, the need to understand the effects that contaminants may have on aquatic organisms and ecosystems increases in importance. This book will provide you with a solid understanding of aquatic toxicology, its past, its cutting-edge present and its likely future. *An Introduction to Aquatic Toxicology* will introduce you to the global issue of aquatic contamination, detailing the major sources of contamination, from where they originate, and their effects on aquatic organisms and their environment. State-of-the-art toxicological topics covered include nanotoxicology, toxicogenomics, bioinformatics, transcriptomics, metabolomics, as well as water management and the toxicological effects of major environmental issues such as algal blooms, climate change and ocean acidification. This book is intended for anyone who wants to know more about the impact of toxicants on aquatic organisms and ecosystems, or to keep up to date with recent and future developments in the field. Provides with the latest perspectives on the impacts of toxicants on aquatic environments, such as nanotoxicology, toxicogenomics, ocean acidification and eutrophication. Offers a complete overview, beginning with the origins of aquatic toxicology and concluding with potential future challenges. Includes guidance on testing methods and a glossary of aquatic toxicology terms.

Internet Celebrity - Crystal Abidin 2018-07-16

This book presents a framework for thinking about different forms of internet celebrity that have emerged in the last decade. Through cross-cultural case studies, the book offers a brief history of internet celebrity; analysis on recent developments in the industry; and commentary on emergent trends.

The Microwave Processing of Foods - Marc Regier 2016-11-01

The Microwave Processing of Foods, Second Edition, has been updated and extended to include the many developments that have taken place over the past 10 years. Including new

chapters on microwave assisted frying, microwave assisted microbial inactivation, microwave assisted disinfestation, this book continues to provide the basic principles for microwave technology, while also presenting current and emerging research trends for future use development. Led by an international team of experts, this book will serve as a practical guide for those interested in applying microwave technology. Provides thoroughly up-to-date information on the basics of microwaves and microwave heating Discusses the main factors for the successful application of microwaves and the main problems that may arise Includes current and potential future applications for real-world application as well as new research and advances Includes new chapters on microwave-assisted frying, microbial inactivation, and disinfestation

Current Concepts of External Fixation of Fractures - Hans K. Uthhoff 2011-12-07

External fixation is now being used widely to maintain fractures, osteotomies, and arthrodeses in a desired position during consolidation. Whereas external fixation has been readily accepted in European countries, its use has weathered a rather stormy course in North America, especially in the treatment of fractures. Only recently has external fixation found its rightful place on this continent as well. Many different models are on the market today, and the practitioner is faced with a difficult decision in selecting a model. Should he buy a system where the fracture has to be reduced first, or should he work with a device permitting a reduction after insertion of the pins? To enable surgeons to study the different systems, to discuss their advantages and disadvantages, and to permit them to put their hands on these devices and inspect them personally, the Division of Orthopedic Surgery, University of Ottawa organized an applied basic science course in May 1981, External Fixation of Fractures. During this course, all major systems were presented to the participants. As happened during the course "Internal Fixation of Fractures" held two years ago, the rigidity of internal fixation was frequently and intensively debated. Whereas the rigidity of internal fixation cannot be altered during the course of healing, the rigidity of external fixation can be changed. In fact, with progression of union, rods of increasing elasticity can be used.

The Lobster Chronicles - Linda Greenlaw 2003-06-11

Declared a triumph by the New York Times Book Review, Linda Greenlaw's first book, *The Hungry Ocean*, appeared on nearly every major bestseller list in the country. Now, taking a break from the swordfishing career that earned her a major role in *The Perfect Storm*, Greenlaw returns to Isle au Haut, a tiny Maine island with a population of 70 year-round residents, 30 of whom are Greenlaw's relatives. With a Clancy-esque talent for fascinating technical detail and a Keillor-esque eye for the drama of small-town life, Greenlaw offers her take on everything from rediscovering home, love, and family to island characters and the best way to cook and serve a lobster. But Greenlaw also explores the island's darker side, including a tragic boating accident and a century-old conflict with a neighboring community. Throughout, Greenlaw maintains the straight-shooting, funny, and slightly scrappy style that has won her so many fans, and proves once again that fishermen are still the best storytellers around.

PC Hacks - Jim Aspinwall 2005

Presents information on getting the most out of a PC's hardware and software, covering such topics as upgrading the BIOS, configuring the hard drive, installing more RAM, improving CPU performance, and adding COM ports.

Color in Architecture - Harold Linton 1999

"Color in Architecture: Design Methods for Buildings, Interiors, and Urban Spaces addresses every aspect of color planning and application. Going far beyond a theory-based "textbook" approach to the subject matter, Linton draws on over 200 real-world examples from an

international cast of professional colorists. Case studies of various design challenges and solutions are presented in an easy-to-understand workshop format. Each of these studies let you dig a little deeper, giving you significant insight into the practices of professional color designers and illustrating how to clarify the planning concepts, capitalize on the visual properties of color, and select from the range of industrial materials available for both interior and exterior building surfaces."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

The Infernal World of Branwell Brontë - Daphne du Maurier 2013-12-17

"Miss du Maurier has brought to the art of the biography the narrative urgency which gives such animation to her storytelling." -New York Times Book Review Pursued by the twin demons of drink and madness, Branwell Bronte created a private world that was indeed infernal. As a bold and gifted child, his promise seemed boundless to the three adoring sisters over whom his rule was complete. But as an adult, the precocious flame of genius distorted and burned low. With neither the strength nor the resources to counter rejection, unable to sell his paintings or publish his books, Branwell became a spectre in the Bronte story, in pathetic contrast with the astonishing achievements of Charlotte, Emily and Anne. This is the biography of the shadowy figure of the "unknown" Bronte.

Aspects of Colour - Harald Arnkil 1995

Artikelsamling fra International Conference on Colour Education, UIAH, August 1994.

Inside MLB - Kelly Doudna 2011

Tendon Injury and Repair - Terry S. Saxby 2007

Tendon problems are a common cause of foot and ankle pathology. In the past decade there has been significant advances in the management of these problems. This has been achieved not only by an improvement of surgical techniques but also through a better understanding of tendon injury and healing. In this issue we will review the recent advances in the diagnosis and treatment of common tendon problems beginning with a review of tendon healing. This issue will provide the reader with an excellent review of all that is new on this topic.

Bucking the System - Dragon Cobolt 2019-12-06

Patrick thinks he's hit the jackpot landing an interview with the eccentric billionaire tech mogul Ezra Maes. But while the celebrity deer is charming and brilliant, Pat wasn't expecting something both men had in common: a desire for Pat's lovely girlfriend Nightshade. Ever eager to please his lover, and curious to explore new frontiers in the bedroom, Pat suggests Nightshade start up a relationship - not with Ezra, but rather his sex-hungry alter ego Buck. Has this new phase of Pat and Night's relationship also become their last? Based on the comics and characters by the artist Kadath. Cover, interior illustrations, and gallery by Kadath.

Colour and Light - Karin Fridell Anter 2017

Human-Colour-Light-Environment -- To Describe Colour and Light -- Light Sources and Colour Materials -- Light and Colour in Built Rooms

Draplin Design Co. - Aaron James Draplin 2016-05-17

Esquire. Ford Motors. Burton Snowboards. The Obama Administration. While all of these brands are vastly different, they share at least one thing in common: a teeny, little bit of Aaron James Draplin. Draplin is one of the new school of influential graphic designers who combine the power of design, social media, entrepreneurship, and DIY aesthetic to create a successful business and way of life. *Pretty Much Everything* is a mid-career survey of work, case studies, inspiration, road stories, lists, maps, how-tos, and advice. It includes examples of his work—posters, record covers, logos—and presents the process behind his design with projects like *Field Notes* and the “Things We Love” State Posters. Draplin also offers valuable advice and hilarious commentary that illustrates how much more goes into design than just what appears on the page. With Draplin’s humor and pointed observations on the contemporary design scene, *Draplin Design Co.* is the complete package for the new generation of designers.

Fracture Treatment and Healing - R. Bruce Heppenstall 1980

Speedlitter's Handbook - Syl Arena 2010-12-19

Getting your Canon Speedlite to produce the light you need can be a real challenge. For those new to flash photography—or for anyone who has previously given up out of frustration—*Speedlitter’s Handbook* is a revelation. Photographer Syl Arena takes you on a journey that begins with an exploration of light and color, moves through a comprehensive discussion of the Canon Speedlite family and all of the accessories and equipment available to the Speedlitter, then settles down to crafting great light in one photo shoot after another. Whether you want to create a classical portrait, shoot an event, or simply add a little fill light to a product shot, *Speedlitter’s Handbook* shows you how. A fantastic in-depth resource illustrated with over 500 images, *Speedlitter’s Handbook* covers: how to see the various characteristics and properties of light itself, as well as the differences between how your camera sees versus how you see all the buttons and dials of the entire Canon Speedlite family the basics of on-camera flash...and the necessity of getting your flash off the camera how to beautifully balance flash with the existing ambient light all the equipment necessary for great Speedlite shots how to get amazing shots with just one Speedlite how and when to use E-TTL

versus manual flash the use of color gels to balance color, as well as create dramatic effects how to tame the sun—or any really bright light—with hi-speed sync and much, much more Whether you're shooting portraits, events, or sports, Speedliter's Handbook is an essential resource that teaches you how to craft the light you need for any type of shot you want.

Baseball Haiku: The Best Haiku Ever Written about the Game - Nanae Tamura 2007-04-17
Presenting more than two hundred of the greatest haiku ever written about the game. There are moments in every baseball game that make fans catch their breath: the pause while a pitcher looks in for the sign, the moment a cocksure rookie gets picked off first, or the instant a batter lashes a game-winning homer into the night sky, just before the sell-out crowd explodes onto its feet. Haiku captures these moments like no other poetic form, and Baseball Haiku captures the sights, the sounds, the smells, and the emotions of the game like no previous collection. Some of the most important haiku poets of both America and Japan are featured in this anthology; including Jack Kerouac, a longtime baseball fan who pioneered English-language haiku; Alan Pizzarelli, one of the top American haiku and senryu poets of the last thirty years; and Masaoka Shiki, one of the four great pillars of Japanese haiku—a towering figure—who was instrumental in popularizing baseball in Japan during the 1890s. With over two hundred poems spanning more than a century of ball playing, Baseball Haiku reveals the intricate ways in which this enduring and indelible sport—which is played on a field, under an open sky—has always been linked to nature and the seasons. And just as a haiku happens in a timeless now, so too does Baseball Haiku evoke those unforgettable images that capture the actions and atmospheres of the national pastime: each poem resonates like the lonely sound of cleats echoing in the tunnel as a grizzled veteran leaves his final game. The largest collection of haiku and senryu on baseball ever assembled, Baseball Haiku is an extraordinary treasure for any true baseball fan.

90 Days of Failure and Some Success - Brandon Ficara 2020-11-15

90 Days of Failure, and Some Success is a step by step guide to help you make the right moves to find the right sales job and flourish!

Chesapeake Bay Impact Structure - Henning Dypvik 2018-10-04

"The Chesapeake Bay impact structure is a well-documented example of a small group of multi-layer, marine-target impacts formed in continental shelves or beneath epeiric seas. New sedimentological and stratigraphical data and results--mainly from Chesapeake Bay brim cores (Watkins School, Langley, and Bayside)--are compared to and compiled with key crater core data"--

Jazz in the Key of Light - Ken Franckling 2014-10-15

JAZZ IN THE KEY OF LIGHT is not your typical fine art photography book. In addition to visually capturing a variety of the world's jazz greats in performance or moments of personal reflection, author Ken Franckling paired the images with essential quotes from interviews he conducted with those same musicians in assignments for a variety of mainstream and music publications. The spotlighted musicians, some captured in historically important images, range from legends Dave Brubeck, Miles Davis and Sarah Vaughan to a variety of today's rising stars, including Nicki Parrott, Gregory Porter and Miguel Zenón.
