The Corvette Hunter - Tyler Greenblatt 2018

" Few authorities in the hobby could be counted on to provide this much entertainment in a single volume. Discover Kevin Mackay's stories of finding and restoring valuable Corvettes, including the 1960 Briggs Cunningham Le Mans racer that took first in class, Steve McQueen's 1966 Corvette, the 1967 Bounty Hunter racer, the 1968 Sunray DX #2 and #3, and chassis #003 from 1953. It's hard to imagine that a car with the racing pedigree of the Rebel Corvette could be neglected to the point of it being lost. Winning the GT class at the 1972 12 Hours of Sebring wasn't enough to keep this car from becoming just another old wreck out behind the shed. It was many years before Kevin Mackay came to rescue this prominent machine. If you like L88 Corvettes, no one has bought and restored more of them than Kevin Mackay! Finding, documenting, restoring, and selling rare and valuable Corvettes is one of Mackay's specialties. His business, Corvette Repair Inc., is considered the premier Corvette restoration facility in the country. "

Hollywood Ending - Ken Auletta 2022-07-12

A vivid biography of Harvey Weinstein—how he rose to become a dominant figure in the film world, how he used that position to feed his monstrous sexual appetites, and how it all came crashing down, from the author who has covered the Hollywood and media power game for *The New Yorker* for three decades Twenty years ago, Ken Auletta wrote an iconic *New Yorker* profile of the Hollywood mogul Harvey Weinstein, who was then at the height of his powers. The profile made waves for exposing how volatile, even violent, Weinstein was to his employees and collaborators. But there was a much darker story that was just out of reach: rumors had long swirled that Weinstein was a sexual predator. Auletta confronted Weinstein, who denied the claims. Since no one was willing to go on the record, Auletta and the magazine concluded they couldn't close the case. Years later, he was able to share his reporting notes and knowledge with Ronan Farrow; he cheered as Farrow, and Jodi Kantor and Megan Twohey, finally revealed the truth. Still, the story continued to nag him. The trail of assaults and cover-ups had been exposed, but the larger questions remained: What was at the root of Weinstein's monstrousness? How, and why, was it never checked? Why the silence? How does a man run the day-to-day operations of a company with hundreds of employees and revenues in the hundreds of millions of dollars, and at the same time live a shadow life of sexual predation without ever being caught? How much is this a story about Harvey Weinstein, and how much is this a story about Hollywood and power? In pursuit of the answers, Auletta digs into Weinstein's life, searching for the mysteries beneath a film career unparalleled for its extraordinary talent and creative success, which combined with a personal brutality and viciousness to leave a trail of ruined lives in its wake. *Hollywood Ending* is more than a prosecutor's litany; it is an unflinching examination of Weinstein's life and career, embedding his crimes in the context of the movie business, in his failures and the successes that led to enormous power. Film stars, Miramax employees and board members, old friends and family, and even the person who knew him best—Harvey's brother, Bob—all talked to Auletta at length. Weinstein himself also responded to Auletta's questions from prison. The result is not simply the portrait of a predator but of the power that allowed Weinstein to operate with such impunity for so many years, the spiderweb in which his victims found themselves trapped.

The Perfect Father - John Glatt 2020-07-21

In *The Perfect Father*, New York Times bestselling author John Glatt reveals the tragedy of the Watts family, whose seemingly perfect lives played out on social media—but the truth would lead to a vicious and heartbreaking murder. In the early morning hours of August 13th, 2018, Shanann Watts was dropped off at home by a colleague after returning from a business trip. It was the last time anyone would see her alive. By the next day, Shanann and her two young daughters, Bella and Celeste, had been reported missing, and her husband, Chris Watts, was appearing on the local news, pleading for his family's safe return. But Chris Watts already knew that he would never see his family again. Less than 24 hours after his desperate plea, Watts made a shocking confession to police: he had strangled his pregnant wife to death and smothered their daughters, dumping their bodies at a nearby oil site. Heartbroken friends and neighbors watched in shock as the movie-star handsome, devoted family man they knew was arrested and charged with first degree murder. The mask Chris had presented to the world in his TV interviews and the family's Facebook accounts was slipping—and what lay beneath was a horrifying image of instability, infidelity, and boiling rage. In this first major account of the case, bestselling author and journalist John Glatt reveals the truth behind the tragedy and constructs a chilling portrait of one of the most shocking family annihilator cases of the 21st century.
