This is why you remain in the best website to look the unbelievable book to have.

Sowega - Frank K. Martin 2008-02

Summary "What separates men from each other is not measured by physical distance; it is measured by the thoughts in their minds." The Author In this fictional version of a 1968 civil rights murder trial in Southwest Georgia, SOWEGA, Robert Lee "Jackpot" Jest, an uneducated young black man, is defended by an equally young white indigent defense lawyer. They come from entirely different worlds in Georgia. Attorney Clay Garland accepts the pro bono case when no other defense lawyer in Southwest Georgia would agree to defend him. Jackpot is charged with the murder of the local sheriff's grandson and is detained for over a year to avoid the real possibility of a lynching, an act not unknown to the political and racial heritage in Forrest County, Georgia. The pretrial events and the trial itself take the reader down what appears to be an obvious path to conclusion, only to be jolted in another direction. Clay encounters a retired army sergeant with connections to civil rights leaders in Atlanta, a voodoo Root Doctor, white supremacists, and the mafia all of whose actions affect the outcome of the trial, a trial which gains national publicity and symbolizes as a microcosm the various opposing political and legal forces of the 1960s civil rights era in Georgia. Robert Lee Jest a pawn on the chessboard of hate, prejudice, and Southern politics emerges as an inspiration to Clay Garland. This is the story of how these two disparate young men come together in a common cause and the judicial proceedings the

Community Justice - Todd R Clear 2010-12-08

Community Justice discusses concepts of community within the context of justice policy and programs, and addresses the important relationship between the criminal justice system and the community in the USA. Taking a bold stance in the criminal justice debate, this book argues that crime management is more effective through the use of informal (as opposed to formal) social control. It demonstrates how an increasing number of criminal justice elements are beginning to understand that the development of partnerships within the community that enhance informal social control will lead to a stabilization and possible a decline in crime, especially violent crime, and make communities more liveable. Borrowing from an eclectic toolbox of ideas and strategies - community organizing, environmental crime prevention, private-public partnerships, justice initiatives - Community Justice puts forward a new approach to establishing safe communities, and highlights the failure of the

current American justice system in its lack of vision and misuse of resources. Providing detailed information about how community justice fits within each area of the criminal justice system, and including relevant case studies to exemplify this philosophy in action, this book is essential reading for undergraduate and postgraduate students of subjects such as criminology, law and sociology.

Management Essentials - Andrew J. DuBrin 2012

Focus on the fundamental principles and practices of effective management today with DuBrin's comprehensive, yet concise, MANAGEMENT ESSENTIALS, 9E, International Edition. This brief but thorough new edition functions both as a solid introduction for new students or an in-depth review of core concepts and the latest research and applications for working professionals. Written from the first edition as an essentials text, this book is not a condensation of a larger text, but provides concise, complete coverage that clearly translates the latest research, theories, and management experiences into actual practice. The author's proven functional approach introduces the role of a manager and today's managerial environment before exploring critical topics in planning, organizing, leading, and control. This edition addresses emerging issues, such as sustainability and environmental concerns, management in difficult times, employee morale, diverse workforces, and teamwork. New coverage of ethics, personal productivity, the latest information technology, and decision making are also included. Compelling, memorable examples show how leaders effectively apply principles of management in a wide variety of business settings. New action features, new online skill builders, new cases and video cases work with proven exercises and self-assessment quizzes to help readers develop the managerial, interpersonal, and technical skills necessary for outstanding career success. Help your students acquire the knowledge and skills to manage, lead, and successfully compete in today's rapidly changing business environment with DuBrin's MANAGEMENT ESSENTIALS, 9E, International Edition.

Managing Organizational Behavior - Gregory Moorhead 2012

Prepare your students today to become strong, effective managers tomorrow with the powerful concepts and practical applications found in Moorhead/Griffin's MANAGING ORGANIZATIONAL BEHAVIOR, 10e, International Edition. This reader-oriented text helps you equip your students with the skills and solid understanding to meet the management challenges of a new century. The book's applied approach balances classic management ideas with the most recent OB developments and contemporary trends, such as the effects of the recession; how to manage people in these challenging times; the new role of stress on motivation and leadership; and effects of downsizing. Students delve into the core concepts of human behavior and industrial psychology within the help of memorable real examples and cases drawn from relevant organizations and managers such as Steve Jobs, Eddie Bauer, Cirque du Soleil, snopes.com, Whole Foods, Nike, and Goldman Sachs. Fresh new cases, activities, and an optional case and exercises help you equip your students with the assets, tools, and resources to compete effectively amid a world of change. Students grasp the fundamental of human behavior in organizations and the ability to develop new answers to new challenges as they learn to understand the people who comprise an organization, understand change, and understand how organizations must respond to change. Equip and energize the next generation of managers for the most exciting task of tomorrow: managing people effectively within competitive organizations.

BUILDING A RADICAL UNIVERSITY - 2020

Project Management Essentials, Second Edition - Kathryn N. Wells 2018-10-22

Project management is a critical skill across a broad range of disciplines. Yet

most people, regardless of educational background, have never received training in how to plan, manage, and execute projects. *Project Management Essentials, Second Edition*, is the go-to book for tried and true project management skills combined with the most current ideas from Agile in a concise, up-to-date, user-friendly format. It follows the project life cycle and provides several ready-to-use templates. Readers can use this book to plan and manage a project from start to finish or as a reference for help with one particular component of project management. Alongside each template is a brief description of what each template is and why it is useful, with an example to illustrate it.

Employment Relations - Amie Shaw 2018-01-01

Overview This is the second edition of the well-regarded local text, *Employment Relations*. This new edition takes an even more practical approach to a complex area, considering both the industrial regulation and human resources dimensions of the employment relationship. As well as providing a comprehensive guide to employment relations in Australia, the text also offers a selective international comparative view on the management of the employment relationship. The text explains and emphasises the real-world connections between the important theories of industrial relations and human resources, which are key components of the employment relations discipline. The overarching aim is for students to gain a deeper understanding of the 'World of Work', through the discipline of *Employment Relations*.

Saving Amelie - Cathy Gohlke 2014-05-16

2015 Carol award finalist! Increasingly wary of her father's genetic research, Rachel Kramer has determined that this trip with him to Germany—in the summer of 1939—will be her last. But a cryptic letter from her estranged friend, begging Rachel for help, changes everything. Married to SS officer Gerhard Schlick, Kristine sees the dark tides turning and fears her husband views their daughter, Amelie, deaf since birth, as a blight on his Aryan bloodline. Once courted by Schlick, Rachel knows he's as dangerous as the swastikas that hang like ebony spiders from every government building in Berlin. She fears her father's files may hold answers about Hitler's plans for others, like Amelie, whom the regime deems "unworthy of life." She risks searching his classified documents only to uncover shocking secrets about her own history and a family she's never known. Now hunted by the SS, Rachel turns to Jason Young—a driven, disarming American journalist and unlikely ally—who connects her to the resistance and to controversial theologian Dietrich Bonhoeffer. Forced into hiding, Rachel's every ideal is challenged as she and Jason walk a knife's edge, risking their lives—and asking others to do the same—for those they barely know but come to love.

Human Resource Development - Jon M. Werner 2011-10-01

This comprehensive text covers the entire field of human resource development, from orientation and skills training, to career and organizational development. It shows how concepts and theory have been put into practice in a variety of organizations. This sixth edition of *HUMAN RESOURCE DEVELOPMENT* reflects the current state of the field, blending real-world practices and up-to-date research. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Knowledge Management Tools and Techniques - Madanmohan Rao 2012-06-14

Knowledge management (KM) - or the practice of using information and collaboration technologies and processes to capture organizational learning and thereby improve business performance - is becoming one of the key disciplines in management, especially in large companies. Many books, magazines, conferences, vendors, consultancies, Web sites, online communities and email lists have been formed around this concept. This practical book focuses on the vast offerings of KM solutions—technology, content, and services. The focus is

not on technology details, but on how KM and IT practitioners actually use KM tools and techniques. Over twenty case studies describe the real story of choosing and implementing various KM tools and techniques, and experts analyse the trends in the evolution of these technologies and tools, along with opportunities and challenges facing companies harnessing them. Lessons from successes and failures are drawn, along with roadmaps for companies beginning or expanding their KM practice. The introductory chapter presents a taxonomy of KM tools, identifies IT implications of KM practices, highlights lessons learned, and provides tips and recommendations for companies using these tools. Relevant literature on KM practices and key findings of market research groups and industry consortia such as IDC, Gartner and APQC, are presented. The majority of the book is devoted to case studies, featuring clients and vendors along the entire spectrum of solutions: hardware (e.g. handheld/wearable devices), software (e.g. analytics, collaboration, document management) and content (e.g. newsfeeds, market research). Each chapter is structured along the "8Cs" framework developed by the author: connectivity, content, community, commerce, community, capacity, culture, cooperation and capital. In other words, each chapter addresses how appropriate KM tools and technologies help a company on specific fronts such as fostering adequate employee access to knowledge bodies, user-friendly work-oriented content, communities of practice, a culture of knowledge, learning capacity, a spirit of cooperation, commercial and other incentives, and carefully measured capital investments and returns. Vendor history, product/service offerings, implementation details, client testimonials, ROI reports, and future trends are highlighted. Experts in the field then provide third-party analysis on trends in KM tools and technique areas, and recommendations for KM practitioners.

BCOM - Carol M. Lehman 2019-02-13

Learn business communications your way with Lehman/DuFrene/Walker's BCOM, 10E from 4LTR Press. This inviting, easy-reference book guides you through mastering today's business communication concepts and skills. Principles of Management - Ricky W. Griffin 2007-01-01

Emotional Survival for Law Enforcement - Kevin M. Gilmartin 2002-01-01

This book is designed to help law enforcement professionals overcome the internal assaults they experience both personally and organizationally over the course of their careers. These assaults can transform idealistic and committed officers into angry, cynical individuals, leading to significant problems in both their personal and professional lives.

Management - Ricky W. Griffin 2010-01-11

Introduce your students to management using the classic theory, current research, student-friendly presentation, and memorable examples in Griffin's MANAGEMENT -- the book that has already helped almost two million students prepare for successful business careers. This powerful, leading text combines traditional management coverage with well-known, careful examination of today's emerging management topics. The new 10th edition of MANAGEMENT now examines the latest on organizational justice and negotiation as well as the impact of the 2008-2009 economic recession and global warming on business. The book's well-

organized, inviting approach organized around the functions of management helps students strengthen their management skills with an effective balance of theory and practice as well as numerous proven learning features. Students continue to study the growing service sector, ethics, global management and the impact of technology on management as they examine challenges today's managers face. Hundreds of well-researched popular examples -- from large establishments, such as Coca-Cola, to emerging companies such as Google and Facebook -- bring concepts to life. Examples from smaller companies and non-profit organizations underscore the author's philosophy that strong management is critical to the success of any type of organization. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Essentials of Inventory Management - Max Muller 2011

WHS: A Management Guide - Richard Archer 2020-09-14

WHS: A Management Guide is a digital-only resource that looks beyond the current understanding of work health and safety to understand how workplaces can be shaped to fit human needs. It caters to future WHS managers while also providing a practical introduction to WHS for all students. Taking a humanist approach to WHS, the content goes beyond the risk-management model of physical safety to take into account the larger perspective of human health needs, including psychological and social. This cross-sector resource blends the requirements of academic, vocational and industry training, mapping to BSB41419 Certificate IV in Work Health and Safety. Available only on the MindTap platform, **WHS: A Management Guide, 6e** is full of innovative resources to support critical thinking, and help your students move from memorisation to mastery! Includes: - WHS: A Management Guide eBook - In-depth case studies with questions that help students to apply chapter concepts to the workplace - Concept clip videos recap core processes and concepts from the chapter, supporting student understanding of WHS terminology and concepts - 'In your workplace' scenarios with questions prompt students to consider the challenges of various WHS situations - Revision quizzes, 'Check your understanding'

questions, 'What do you think?' polling activities, and more Learn more about the online tools cengage.com.au/mindtap
Organizational Behavior - Ricky W. Griffin 2019

Foundations in Strategic Management - Jeffrey S. Harrison 2013-01-01

Introduce the most important theories and views in strategic management today with this concise, yet fully complete, text. Harrison/St. John's FOUNDATIONS IN STRATEGIC MANAGEMENT, Sixth Edition, addresses the most recent changes in today's business environment, including many topics that other strategic management texts often miss. The book thoroughly addresses the traditional economic process model and the resource-based model, as well as the stakeholder theory. This valuable text builds on a traditional theoretical foundation by using engaging examples from many of today's leading firms to demonstrate principles and applications. This edition continues to highlight strategizing in the global arena as well as more focused coverage of stakeholder management. This brief, well-rounded text functions as an indispensable resource for your immediate and long-term success in strategic management. Available with InfoTrac Student Collections <http://goengage.com/infotrac>. Daft's Management - Richard L. Daft 2009-03

Find the significant support you need to learn key management concepts and effectively prepare for tests as you become a better future manager. Review is simple, allowing you to maximize your study time, with a variety of exercises and opportunities to test your understanding before actual course exams.

Essentials of Contemporary Management - Gareth R. Jones 2007

Jones and George are dedicated to the challenge of "Making It Real" for students. As a team, they are uniquely qualified to write about the organizational challenges facing today's managers. No other author team in the management discipline matches their combined research and text-writing experience. Essentials of Management concisely surveys current management theories and research. Through a variety of real world examples from small, medium, and large companies the reader learns how those ideas are used by practicing managers. The organization of this text follows the mainstream functional approach of planning, organizing, leading, and controlling; but the content is flexible and encourages instructors to use the organization they are most comfortable with. The themes of diversity, ethics, and information technology are clearly evident through in-text examples, photographs, "unboxed" stories, and the end-of-chapter material - all areas of importance that truly serve to bring to life the workplace realities that today's student will encounter in the course of a career.

Management: An Integrated Approach - Ranjay Gulati 2016-01-14

As tomorrow's manager, you will be confronted with challenges and opportunities that are more dynamic and complex than ever before. MANAGEMENT: AN INTEGRATED APPROACH, by award-winning instructors and prominent Harvard business experts, teaches you how to think like a successful manager and effective leader. This second edition clearly demonstrates the interconnectivity between three facets of management: strategic positioning, organizational design, and individual leadership. You learn the importance of harnessing technological advances, managing and leading a dispersed and diverse workforce, anticipating and reacting to constant competitive and geopolitical change and uncertainty, competing on a global scale, and operating in a socially responsible and

accountable manner. Clear concepts directly relate to how today's organizations operate, while self-reflection opportunities help you evaluate personal leadership abilities and skill-building practice equips you for leadership success. You master management principles from a tangible, integrated, and current perspective as you learn to visualize how strategy informs leadership and how leaders influence strategic positioning and, ultimately, manage performance. Let **MANAGEMENT: AN INTEGRATED APPROACH, 2E** prepare you for leadership success as this unique book answers the key question: How are leaders successfully managing competitive companies in the 21st Century? Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Mindsapes: Critical Reading Skills and Strategies - Christine Evans Carter
2013-01-01

Developed for students at the 10-12 reading level, **MINDSCAPES: CRITICAL READING SKILLS AND STRATEGIES, 2E** helps students become stronger readers based on how the brain best processes and learns information. Christine Evans Carter has developed a powerful approach to building reading skills that is based on the latest research in brain-based learning; when students recognize the structure and organization of information, they maximize their learning power. This focus on text structure provides a scaffold onto which developmental-level readers can apply new knowledge. Information is presented in a carefully crafted sequence that serves to build upon prior knowledge and expand understanding of skills and strategies in a recursive manner. In addition, each chapter includes study skills and discipline-specific vocabulary and reading strategies to help students succeed in all of their courses. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Perspectives on Organizational Behavior - Peter F. Sorensen 1976

Fundamentals of Management - Ricky W. Griffin 2018
